

Explanatory Notes

The certificates that follow are to be used for the export of breeding poultry other than ratites to the EU; hatching eggs from poultry other than ratites to the EU; day-old chicks other than from ratites to the EU; and for slaughter poultry and poultry for restocking game supplies, other than ratites, to the EU.

Please advise exporters to check with their importers about obtaining a copy of the applicable health certificate in the official language of the country of destination.

Concerning various directives and decisions noted in the health certificates:

- Directive 90/539/EEC is the general set of import requirements for poultry/day-old chicks/hatching eggs to the EU. U.S. commercial poultry establishments meet these conditions.
- Decision 93/342/EEC defines ways of classifying countries/regions free of Avian Influenza (AI) and Newcastle Disease (ND). The U.S. is officially free of highly pathogenic AI (fowl plague) and US Region 1 is officially free of velogenic viscerotropic ND (VVND) (the strain of ND the EU is primarily concerned about).

Concerning the Section on the health certificates entitled "Supplementary Health Information(9)", please note that this section may be deleted since the US Region 1 is officially free of VVND.

MODEL B

ANIMAL HEALTH CERTIFICATE
for hatching eggs from poultry other than ratites
intended for consignment to the European Community

1. Consignor (name and address in full)

2. HEALTH CERTIFICATE

No. ORIGINAL

3.1 Country of origin: U.S.A.

3.2 Region of origin (1): _____

4. Consignee (name and address in full)

5. COMPETENT AUTHORITY:

5.1 Ministry: USDA/APHIS

5.2 Service: Veterinary Services (VS)

6. COMPETENT AUTHORITY (LOCAL LEVEL): (VS) State of Origin

7. Place of loading: _____

8. Means of transport (2): _____

9.1 Member State of destination: _____

9.2 Final destination:(name and address of hatchery of destination in full)

10. Address of breeding establishment(s) of origin:

11. Approval number(s) of the breeding establishment(s) of origin:

12. Poultry species: _____

13. Category: Pure line/grandparents/parents/laying pullets/broilers/others (3):

14.1 Consignment identification details (including any container seal numbers):

14.2 Egg marks: _____

15. Quantity: (in words and figures) _____

15.1 Number of eggs: _____

15.2 Number of boxes: _____

Notes:

- (a) A separate certificate must be provided for each consignment of hatching eggs transported in the same railway wagon, lorry, aircraft or ship and consigned to the same destination.
- (b) The original of the certificate must accompany the consignment until it reaches the border inspection post.
- (c) it must be completed on the day of loading and all time limits referred to relate to that date.
- (d) After hatching the poultry must be kept in isolation on the holding of destination for at least three weeks in accordance with the provisions of Article 3, 1 of Commission Decision 96/482/EC.
- (1) Only to be completed if the authorization to export to the Community is restricted to certain regions of the third country concerned.
- (2) Indicate means of transport and registration marks, or registered name, as appropriate.
- (3) Delete the unnecessary reference.

16. I, the undersigned official veterinarian, hereby certify, in accordance with the provisions of Directive 90/539/EEC:

I. Origin of hatching eggs

that the hatching eggs come from flocks which have remained on the territory of _____ (4), in the region of _____ (1) for at least three months. If these flocks have been imported into the country of origin they were imported in

accordance with veterinary conditions at least as strict as the relevant requirements of Directive 90/539/EEC, including any subsidiary Decisions.

II. Health information

1. that _____(4), region _____(1) is free from Avian influenza and Newcastle disease as defined in Decision 93/342/EEC;

2. that the hatching eggs described in this certificate meet the following requirements:

(a) they come from flocks which:

(i) have been examined this day and show no clinical signs or suspicion of disease;

(ii) have been held for more than six weeks in the following establishment(s) officially approved in accordance with requirements which are at least equivalent to those laid down in Annex II to Directive 90/539/EEC:

_____(5)

-for which the approval is not suspended or withdrawn;

-which is (are), at the time of consignment, not subject to any animal health restrictions;

-around which, within a radius of 25 km, there has been no outbreak of Avian influenza or Newcastle disease for at least 30 days;

(iii) have during the period mentioned in (ii) had no contact with poultry not meeting the requirements laid down in this certificate or with wild birds;

(iv) have been submitted to a disease surveillance program for (6):

-Salmonella pullorum, S. gallinarum and Mycoplasma gallisepticum (fowls)

-Salmonella arizonae, S. pullorum and S. gallinarum, Mycoplasma meleagridis and M. gallisepticum (turkeys)

-Salmonella pullorum and S. gallinarum (guinea fowls, quails, pheasants, partridges and ducks)

according to Chapter III of Annex II of Directive 90/539/EEC and was not found infected or suspected of infection by these agents;

(v) -have not been vaccinated against Newcastle disease (6)

-have been vaccinated against Newcastle disease using: _____

-(name, type of - live or inactivated – and NDV strain used in vaccine(s)) at the age of _____weeks (6),

(vi) have been vaccinated, using officially approved vaccines

At the age of

Against

(b) They have been marked as indicated in point 14.2 of the certificate
using _____ (color ink)

(c) they have been disinfected in accordance with my instructions, using
_____ (name of
the product and active substance) for _____ (time in minutes);

3. that the eggs have been collected from _____ to _____ (dates)

III. Additional health information

1. that, in the event the consignment is destined for a Member State or region from which
the status has been established in accordance with Article 12, 2 of Directive 90/539/EEC,
the hatching eggs come from flocks which are (7):

- (a) not vaccinated against Newcastle disease (6).
- (b) vaccinated against this disease using an inactivated vaccine (6).
- (c) vaccinated against this disease using a live vaccine at the latest 60 days before
the date mentioned under point II.3 above (6);

(4) Name of the country of origin.

(5) Approval number(s) of approved establishment(s) of origin.

(6) Delete the unnecessary reference.

(7) When the consignment is not destined for such Member States or regions (currently Denmark,
Ireland, Finland, Sweden and, in the United Kingdom, Northern Ireland), the guarantees given
under point III.1. must be deleted.

2. that following supplementary requirements, imposed by the Member State of destination
according to Articles 13 and/or 14 of Directive 90/539/EEC are met:

IV. Supplementary health information (8)

that, although the use of vaccines against Newcastle disease which do not fulfill the
specific requirements of Annex B, 2 of Decision 93/342/EEC, is not prohibited in
_____, (4), the breeding poultry from which the hatching eggs are derived

(a) have not been vaccinated for at least 12 months with such vaccines, and

(b) are originating from a flock which has undergone not earlier than 14 days
preceding or collecting of hatching eggs, on the basis of a random sample of
cloacal swabs of at least 60 birds of each flock concerned, a virus isolation test for
Newcastle disease, carried out in an official laboratory, in which no avian
paramyxoviruses with an Intracerebral Pathogenicity Index (ICPI) of more than
0.4 have been found, and

(c) have not been in contact during the last 60 days before collecting of hatching eggs, with poultry which do not fulfill the guarantees mentioned respectively under (a) and (b), and

(d) have been isolated under official surveillance on the holding of origin during the 14 day period mentioned in (b).

V. Transport information

1. that hatching eggs are transported in disposable boxes used for the first time:

(a) which contain only hatching eggs of the same species, category and type, coming from the same establishment:

(b) which bear the following indications:

- the name of the country of consignment.
- the species of poultry concerned.
- the number of eggs.
- the category and type of production for which they are intended.
- the name, address and approval number of the production establishment.
- the approval number of the establishment of origin.
- the Member State of destination.

(c) which are closed in accordance with the instructions of the competent authority is such a way as to avoid any possibility of substitutions of the contents.

2. that the containers and vehicles in which the boxes mentioned in 1 have been cleansed and disinfected before loading in accordance with the instructions of the competent authorities.

17. This certificate is valid for five days.

Live poultry or hatching eggs in accordance with Council Decision 2003/67/EC

Done at _____ on _____

(Signature of USDA accredited veterinarian)

(Name in capital letters of USDA accredited
veterinarian)

Seal(9)

(Signature of official veterinarian)(9) USDA federal
veterinarian

(Name in capital letters, qualifications and title) of
USDA federal veterinarian

Health Certificate No. _____
(Valid Only if the USDA Veterinary
Seal Appears Over the Certificate #)

(8) This guarantee has only to be given for poultry originating from countries or parts thereof where the provisions of Article 4 (4) of Decision 93/342/EEC apply. For poultry originating from other countries, this chapter must be deleted.

(9) Stamp and signature in a color different to that of the printing.
